"The Impossible Dream"

ORR to Stage *Man of La Mancha*

Man of La Mancha, the Tony Award-winning musical, will be presented by the Old Rochester Regional High School Drama Club from March 30 through April 2.

A blend of tragedy, romance, comedy and adventure, this musical begins when Miguel de Cervantes, the writer of *Don Quixote*, is arrested and thrown into a dungeon by the Spanish Inquisition. Put on trial by the other prisoners, Cervantes presents a play as his defense, and his jurors/cellmates become actors in that play. This play within a play tells the story of an old country squire who

Congratulations to the Boys Basketball Team coached by Steve Carvalho; the Girls Indoor Track Team coached by Bill Tilden; and the Boys Ice Hockey Team coached by Jay Hiller. Bob also announced that Patrick Haverty, a senior on the ORR Hockey Team, received the individual Sportsmanship Award. Pat was also honored to receive the 2006 Boston Bruins Ice Hockey Sportsmanship Award. The presentation of this prestigious award will take place at the TD BankNorth Garden on April 10 during the second intermission of the Bruins game against the Washington Capitals. Pictured here (l. to r.) are ORR Athletic Director Bob Catalini, Pat Haverty and Coach Jay Hiller.

On the cover: (L. to R.) Aaron Valente (*Sancho Panza*), C. Tucker Johnson (*Don Quixote*), and Chelsie Nectow (*Aldonza*) will star in the ORR Drama Club's production of *Man of La Mancha*, to be performed at ORR High School Thursday through Saturday, March 30, 31 and April 1 at 7:30 pm; and on Sunday, April 2 at 2:00 pm. Tickets are \$12 for adults, and \$8 for seniors and students and are now available at the Pen and Pendulum in Mattapoisett, the Marion General Store, and the Plumb Corner Market in Rochester. Tickets will also be available at the door. For additional information, please call 508-763-4727. (Photo by and courtesy of Joe Butterfield).

Maura Loneragan, a third grade student in Paula McKeen's class, won a statewide essay contest on Bullying. The contest was part of the Massachusetts Aggression Reduction Program and sponsored by Bridgewater State College. Maura received a runner-up award, competing against thousands of entries from all over the state. She read her essay at the School Committee meeting, joined by Paula McKeen, several supportive classmates and her two younger sisters, Elizabeth and Fiona. Maura is the district's youngest School Committee Award recipient and the daughter of Gene and Eileen Loneragan of Marion. (L. to R.) Building a Healthy Community
at
Marion Family Chiropractic

Step into the reception room at Marion Family Chiropractic, and you will see something special is happening there.

You will see a musician whose hand had been weak and numb, preventing him from doing what he loves. He's playing again, and is having his spine checked before his next show to make sure he will perform at his best.

You will see an infant whose head has been tilted since soon after birth. His parents have friends who brought their baby in for similar torticollis, with excellent results.

You will see a mom who has had headaches and neck pain since she and her daughter were in a car accident a few months ago. She is with her daughter, who is having her spine checked for proper alignment and movement so she won't develop arthritis decades after the accident.

You will see a teenager who has been struggling with migraines for the last few years. She doesn't want to miss any more school because of her headaches.

You will see an elderly neighbor who had pain shot down her legs. She had been told that with her degenerated discs and osteoporosis, there was nothing anyone could do. She's now feeling better than she has in decades.

You will see an office worker who came to the office for numbness in her hands. She would like to try a more conservative option than carpal tunnel surgery.

You will see a waitress who had suffered through her heavy work and foot pain for years, and finally has decided to take care of herself and live pain free.

How does chiropractic care work well for so many different people?

"More than anything," Dr. Alicia Crabbe explains, "chiropractic care is about allowing a person – from infants to seniors – to express their best health."

Chiropractors correct vertebral subluxations, tiny misalignments or dysfunctional vertebrae in your spine that interfere with the optimal performance of your nervous system. The nervous system is key to communication in your body, and it must be clear of interference for you to function and feel your best.

Change in Store for Rochester

By Kenneth J. Souza

An announced retirement, escalating legal fees, and trouble reconciling the town's financial records may all lead to impending changes in the Rochester Town Hall.

At a contract negotiation meeting held on Monday, March 27, the Rochester Board of Selectmen and Town Administrator James Huntoon came to an agreement on terms that address both the town's best interests and Mr. Huntoon's previously-announced pending retirement.

The existing contract with Mr. Huntoon will remain in effect and the Town Administrator salary line

item will be increased to \$75,000 per year beginning July 1, 2006. Mr. Huntoon will work with the board and Town Counsel to develop the job description and advertisements necessary to facilitate the search and hiring of a new Town Administrator.

If the search is not completed by July 1, 2006, the existing contract remains in force until a new Town Administrator is hired and sworn in. Mr. Huntoon has agreed to remain in the position until his replacement is hired to assure a smooth transition for the town.

In addition, Selectmen Chairman Gary Laboa has informed current Town Counsel Daniel C. Perry of the law firm Perry, Hicks, Crotty and Deshaies, LLP, that the town will be looking to hire in-house legal assistance for about 16 hours a week, thereby terminating their existing agreement with Mr. Perry who is paid a flat hourly rate of \$125. Chairman Laboa felt the town would be able to save considerable money on legal fees by retaining the services of an in-house attorney rather than continue to pay an hourly rate to Mr. Perry, who has previously refused to offer the town a retainer agreement.

Town Treasurer Naida Parker's ongoing difficulties reconciling the town's financial records for the past fiscal year also led to a recent inquiry by the Massachusetts Department of Revenue (DOR). A meeting was held on Monday, March 27 with DOR officials, Town Counsel Daniel Perry, Town Administrator James Huntoon, and Selectmen Chairman Gary Laboa to address the problems

arising from this dilemma — not least of which included a \$2,000 fine assessed by the Internal Revenue Service (IRS).

"The DOR is very concerned about (our) financial issues here in town," Chairman Laboa said. "Our Town Counsel is going to write up a summary of the meeting that is going to be a public document. The DOR strongly recommended the Town Treasurer's office become an appointed position and not remain an elected office. We've got some issues ... and they've recommended a full management review of the town's financial department. After today's meeting, I would suggest the Board of Selectmen agree to a full management review of the town's financial department. It's a free review ... which likely won't be done until the fall."

Although Ms. Parker has readily admitted she lacks the experience to do the Town Treasurer's job, she remains adamant about not stepping down as she was elected to the post by the voters of Rochester.

DOR officials even suggested Ms. Parker resign during the meeting, but she refused, saying she intends to serve out her current term of office.

present were Selectman Raymond H. Andrews, Town Administrator Michael J. Botelho, and Assistant to the Town Administrator Melody Pacheco. Selectman Stephen J. Lombard was not present for the meeting.

The board first approved the minutes of the March 14 meeting and then granted permission for the Mattapoisett Congregational Church to hold their Easter Sunrise Service at the Town Gazebo in Shipyard Park on Sunday, April 16 at 7:00 am. Upon a request from the Mattapoisett Lions Club to hold their yearly "Harbor Days" celebration in Shipyard Park on July 14-16, the board requested that representatives of the Lions Club come in and make a formal presentation so the public could be informed of all the events planned. Lastly, the board also

approved a request to hold the annual Car Show at the Town Wharf on the first Friday of each month starting May through September from 5:00 to 9:00 pm.

At 6:04 pm the board opened a public hearing upon a petition from NStar to locate two utility poles on Brandt Island Road to service a new customer on the adjacent Zena Lane. There being no abutters present to object, the board unanimously voted to grant the pole installation request as submitted by NStar.

At 6:10 pm the board met with resident Daniel Goodman to discuss both the mailing of warrants for the Annual Town Meeting and also a recent article on the ongoing oil spill cleanup at the Mattapoisett Police Station.

Referring to a recent article in *The Standard-Times*, Mr. Goodman questioned a value of \$52,000 that was mentioned as being expended to date on the oil spill cleanup at the Mattapoisett Police Station.

"That article referred to the money needed to clean up the next stage," Mr. Botelho clarified. "But certainly (the cleanup) goes back about 10 years."

"I was told it was in the \$400,000 range, but I think it's (closer) to \$500,000 to date," Mr. Goodman said. "I thought it was very important information for the townspeople ... not to be misinformed."

He questioned whether a correction or Letter to the Editor could be published in the newspaper.

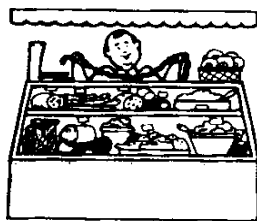

Mr. Goodman next wanted to know what the rationale was behind stopping the printing and mailing

of the Annual Town Meeting warrants. According to his records, the last time this was done was in 2004.

Town Clerk Barbara Sullivan advised it cost about \$1,800 to print the warrants and another \$500 to mail them, totalling \$2,300 at that time. Since then, she said these expenses have only gone up.

"We are in such tight financial times, I think the additional \$2,300 to print and mail the warrant isn't justified with all the other available resources such as the town website, e-mail, and (several public places)," Selectman Andrews said. "Personally, I think it's more important to print the Annual Town Report."

"I think it all falls under the category of getting information out to the public," Mr. Goodman said. "Many

"Is not that money better spent on the Virtual Town Hall which would make all Town Meetings, in fact *all* public meetings, readily available to the public, 24-hours-a-day, seven-days-a-week via the Internet?" asked Selectman Andrews.

"I just wanted to be clear because there's been a perception out there since 2003 that voters are getting less information," Mr. Goodman said. "Not only don't we mail out the warrants, but the detail is gone, the author of the article isn't included, and the recommendations of the Finance Committee are missing."

Mr. Botelho noted this year's Annual Town Meeting warrant will be readily available online via the town website (www.mattapoisett.net) on or about Friday, April 14.

At 6:40 pm the board met with Harbormaster Steve Mach to discuss grandfathered moorings in Mattapoisett Harbor.

In order to determine which moorings have been "grandfathered" and won't have to fall under the soon-to-be-updated Harbor Rules and Regulations, Mr. Mach said they are currently researching all mooring permit holders via the Town Clerk's office.

"If they have a mooring that is not grandfathered (under the rules), it is intended to have their own boat on it," Mr. Mach said. "Going forward, the intent is to make sure if you come in for a mooring, that mooring is to be

Mr. Mach said moorings can still be transferred to members of the immediate family, but once the mooring permit changes hands it is no longer grandfathered.

"Just to let you know, I won't be voting to make any changes to the Harbor Rules and Regulations until I have the recommendations of the Marine Advisory Board (MAB)," Selectman Andrews said. "Certainly your recommendations are important, but they are our advisory board."

"This has been my concern now for two years," Selectman Collyer added. "We have grandfathered moorings and non-grandfathered moorings in the harbor ... yet they are being allowed to follow the same (policies and

My dog's breath is pretty bad. Is there something that I can feed him to make it smell better?

Elevate your dog's upper lip and look at his molars. They should be white and shiny. If they look brown near the gums you should schedule an appointment with your veterinarian to discuss a dental cleaning. Dirty teeth and the infected gums that usually come with them often cause a foul odor, pain and the potential for tooth loss. Every time your dog chews he may experience a bacterial shower into his blood stream which can affect his heart valves, kidneys and other organs. Have the teeth cleaned and discuss ways to prevent dental disease in the future.

procedures). I just think we've had a lot of ambiguity in our rules and regulations, since we haven't really done anything to enforce these issues. I think if we're going to move forward, we should move forward now, before the new boating season begins."

Under Selectmen's Discussion Items, Selectman Andrews said they are working to close out the Center School project so they can file paperwork for an audit with the Massachusetts School Building Authority (MSBA) and the Massachusetts Department of Revenue (DOR).

The board also received:

- An invitation to attend a discussion of senior issues with State Senator Mark Montigny on April 7 from 1:00 to 2:00 pm at the Mattapoisett Senior Center in Center School.

- Notice that a Cat and Dog Rabies Clinic will be held on Sunday, April 9 from 10:00 am to 12:00 noon at the Mattapoisett Fire Station on Route 6. There will be a fee of \$10 per animal charged and all pets must be properly restrained (all dogs must be leashed, all cats in cat carriers). The clinic is sponsored by the Mattapoisett Board of Health, Capeway Veterinary Hospital, and the Mattapoisett Natural Resource Department.

- Notice from MassHighway that they will begin their spring state highway sweeping operations, weather-permitting, on March 27.

Botelho noted they will not have the final insurance rate numbers until April 13 from the Gateway Health Group, so the numbers in the budget will have to be adjusted based on that final amount. Mr. Botelho noted the new Plymouth County rates have come in at some \$250,000 more than the current Gateway Health Group estimate, so they are comfortable with having joined the Gateway Group.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 7:05 pm.

Rochester Selectmen's Meeting

March 27, 2006

By Kenneth J. Souza

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, March 27 at 6:58 pm by Chairman Gary Laboa. Also present were Selectman Richard Nunes, Selectman Bradford Morse, Town Administrator James Huntoon, and Administrative Assistant Veronica Lafreniere.

The board first met with Steven Sol regarding his recent request to remove property on Featherbed Lane from a Chapter 61B conservation restriction with the intent to sell it. Mr. Sol filed an initial Notice of Intent, which was rejected, and he also filed an amended version which had not been acted upon.

today was the second submission was (also) deficient," Chairman Laboa said.

"Everybody's saying the front lot is worth less because it's smaller," Mr. Sol said. "Then how come I'm paying more taxes on it? What I want tonight is something in writing saying you either sign off on the (request) or not. You've had 120 days to act on it. This is getting dragged out for no reason."

"Town Counsel determined it was a deficient submission ... and we were advised by Town Counsel (not to approve it)," Chairman Laboa said, noting they would vote to take no action on their right of first refusal during the meeting and that vote would be reflected in the meeting minutes.

The board next approved the minutes of the March 20 meeting, then met with Susan Adams, Chairman of the Historic District Commission, regarding two petitions filed for articles to be placed on the Town Meeting warrant to reduce the existing Historic District and also repeal the current Historic District By-Law.

"I never received anything until a month (after Town Counsel responded)," Ms. Adams said. "I have a number of questions ... and there's a lot of confusion about this. I'm wondering if we could have Town Counsel attend our next meeting, because I know (the commissioners) have questions."

The board advised Ms. Adams to contact Town Counsel and request that he attend their next meeting to address their concerns.

The board next signed and approved payment of an invoice for Town Counsels Perry, Hicks, Crotty and Deshaies, LLP, in the amount of \$5,224.75 for legal services rendered.

Under the Town Administrator's report, Mr. Huntoon advised that the roof replacement project bids for Memorial School will be due and opened on April 19. "So the motion on the (Special Town Meeting) floor will have to be amended," Mr. Huntoon said. "It will simply say 'a sum of money' on the warrant."

Mr. Huntoon also prepared a letter to the Department of Revenue (DOR) requesting a financial department review as per a meeting with DOR officials and

Town Treasurer Naida Parker earlier that day. This matter would be taken up in detail under New Business.

At 7:15 pm the board met with Conservation Agent Laurell J. Farinon on behalf of the town's Stormwater Management Committee for their "annual meeting" and update.

After calling for public comment and input and receiving none, Chairman Laboa asked Ms. Farinon if she had any comments.

"We do have an ongoing project with the Buzzards Bay Project (BBP) mapping out all the stormwater (runoff) sites in Rochester," Ms. Farinon said. "We work together and discuss ... our five-year plan. That report will be filed by May 1."

At 7:20 pm Norene Hartley of the Rochester Land Trust joined Ms. Farinon to discuss the possibility of adopting the Community Preservation Act (CPA) for the Town of Rochester. The Town of Marion has already adopted the CPA and Mattapoisett is currently considering the same.

"In the past we've determined the CPA would be problematic for (the Board of Assessors) because they didn't have the resources at the time," Ms. Farinon said. "Now they've been brought up to speed ... and we're hoping the Board of Selectmen will support adoption of the CPA."

"This is a surcharge on the tax," Ms. Hartley said. "So, if the town decides to adopt a one-percent surcharge,

it will add one percent to the tax bill. I have calculated some values for a one-percent, two-percent, or three-percent tax. You can also exempt the first \$100,000 valuation. There's also a low- and moderate-income exemption."

Based on recent information from the Assessors' office, Ms. Hartley noted a one percent surcharge would cost homeowners \$29.64 for an average property valued at \$300,000. A two percent surcharge would garner \$59.28 and a three percent surcharge would be \$88.92 for the same \$300,000 of valuation.

If the town chose to adopt the CPA at the middle two percent surcharge rate, they could expect to raise some \$146,083 with no exemptions, or \$103,361 with the first \$100,000 exemption. The state would thereby equally

"The money we raise every year, by law, goes into a CPA account ... (and) at least 10 percent is to be used for affordable housing, 10 percent for historic preservation, and 10 percent for open space," Ms. Hartley said. "The remaining 70 percent would be expended by a vote of Town Meeting."

"Although Town Meeting can vote (on how to spend the money), they cannot override the recommendations of the (CPA) committee," cautioned resident Justin Shay. "So I have some questions about how the CPA will work. It's taxation with minimal representation."

Chairman Laboa suggested a public meeting be held to further discuss the pros and cons of adopting the CPA before Town Meeting.

Ms. Hartley said in order to adopt the CPA, it would require both a Town Meeting vote and majority support via a general election.

Mr. Huntoon said the Annual Town Meeting will be held June 5, so they would have to submit articles for the warrant by May 1 for consideration.

In other matters, the board voted to appoint Jacqueline Ashley of Benjamin Drive to the Rochester Council on Aging (COA) Board of Directors upon a recommendation from the COA.

They also received a copy of a request from Old Colony Regional Vocational Technical High School's

Superintendent-Director David J. Ferreira to the Rochester Park Commission to waive the \$325 fee for the use of the Dexter Lane baseball field this spring and during April vacation.

Chairman Laboa said he hopes the Park Commission will keep in mind that Old Colony was very generous in allowing the town to use their facilities prior to the opening of the Dexter Lane ballfields.

Under New Business, Chairman Laboa said a meeting was held earlier that day with Town Counsel and officials from the Massachusetts Department of Revenue (DOR) and Town Treasurer Naida Parker. The meeting was called in response to the recent problems Ms. Parker has had reconciling the town's financial records for the current fiscal year.

"The DOR is very concerned about (our) financial issues here in town," Chairman Laboa said. "Our Town Counsel is going to write up a summary of the meeting that is going to be a public document. The DOR strongly recommended the Town Treasurer's office become an appointed position and not remain an elected office. We've got some issues ... and they've recommended a full management review of the town's financial department. After today's meeting, I would suggest the Board of Selectmen agree to a full management review of the town's financial department. It's a free review ... which likely won't be done until the fall."

Given Ms. Parker's self-admitted lack of experience in the position, Selectman Nunes asked if the DOR

suggested she resign as Town Treasurer.

"They made the suggestion ... but she said she wouldn't," Chairman Laboa said.

With that, the board unanimously voted to request a management review of the town's financial department as recommended by the DOR.

There being no further matters to discuss in Open Session, the board unanimously voted to go into Executive Session at 8:07 pm for the purpose of discussing pending contract negotiations with the Rochester Police Brotherhood and also Town Administrator James Hunt-oon. They would thereafter adjourn for the evening.

ATTENTION DRIVERS

If you are involved in a collision you have the right to have your investment, your vehicle, repaired at a shop of your choice. Your insurance company may suggest a list of repair shops. Do not be persuaded by this list, it is not a guarantee of quality of services, nor does it limit your options. You want a shop who will work for you and with you to put your vehicle back to pre-accident condition. **COLLISION SERVICES OF MARION, INC.** is a licensed, bonded, registered repair shop with the state of Massachusetts. We work with all insurance companies to expedite your repairs. The important thing to remember is we repair the vehicle for you, our customers, not the insurance companies. Regatta in Marion

The **Buzzards Bay Regatta (BBR)** is back in Marion this summer. But the real news is that the regatta has asked IRC Class boats to participate in this sailing competition.

"We're extremely excited about inviting an IRC Class for the first time to the Buzzards Bay Regatta," said Dan Cooney, the Chairman of BBR 2006. "We always have the best PHRF sailors in New England and beyond and this decision will encourage even more competition among the big boats. Fast fleets, big breeze and strong race management — that's what Buzzards Bay is all about."

Including boats with an IRC rating can only help BBR secure its status as the largest multi-class Regatta in the United States with over 425 boats and 1300-plus sailors. So mark your calendars for **August 4, 5 and 6, 2006**. This year will be the 34th running of the event which will be hosted by the Beverly Yacht Club in the beautiful sea-

Summer camp activities will start June 26, and sessions run through August 25. Camps Massasoit and Metacomet offer a six-week Counselor in Training session.

YMCA Southcoast day camps operate according to standards set forth by the American Camp Association (ACA). In addition, each camp complies with regulations of the Massachusetts Department of Health and local boards of health.

In addition, each staff member is interviewed by a YMCA professional and undergoes Massachusetts criminal and sexual background checks (CORI and SORI) as well as confirmation of three reference checks before employment. All camp staff are required to attend intensive trainings in Risk Management, Child Abuse Prevention and Child Care Policies, Behavior Management and Progressive Discipline, and Emergency Procedures for lost campers, medical emergencies, and swimming drills. Our motto: YMCA Southcoast provides day camp programs and facilities that are "Safe, Fun, and Clean."

Registration is ongoing and the 2006 Summer Camp brochure and applications are available for all camps at all YMCA Southcoast divisions and online at www.ymcasouthcoast.org. Financial assistance and scholarship are available.

Ms. Kelly began working at Baybank in Waltham, where she retired from after a good number of years, at the age of 72. After her retirement she moved to Woburn for a brief time and then down to Mattapoisett, so as to be nearer her children and grandchildren.

Spending time with her family was an utmost priority for Ms. Kelly. Her weekends, vacations and holidays were all about family, being actively involved with all their lives. She found a very special solace at the ocean, where she would walk, and spend many happy hours with her family and alone, just enjoying the tranquility of it all.

Ms. Kelly was predeceased by all her brothers, Thomas, Arthur, Albert, Joseph and Warren "Vinnie" Brady.

Ms. Kelly is survived by her two children, Linda Duggan of Marion and James T. Kelly of Norwell, and five loving grandchildren and ten great grandchildren.

Relatives and friends are cordially invited to attend a Memorial Mass, which will be celebrated in St. Barbara's Church, 138 Cambridge Road, Woburn on Monday, April 10 at 11:00 am followed by her interment in St. Patrick's Cemetery, Watertown. Donation's may be made in Ms. Kelly's memory to the American Cancer Society, 30 Speen Street, Framingham MA, 01701.

band competed at the International Association of Jazz Educators (IAJE) Massachusetts state finals which were held at the University of Massachusetts at Lowell on Saturday, March 25. Competing with other gold medal bands from around the state, ORR won its tenth straight gold medal in five years and earned the right to play the Hatch Shell in Boston for the fifth year in a row. This outdoor event takes place on Saturday, May 20 and is free to the public. Band members hope that everyone can get up there to see them perform with all the other gold medal bands from Massachusetts.

Percussionist Mack Williamson and trumpeter Aaron Janik received awards for the ORR band while Aaron received the high honor of best soloist for all the bands performing in class B. Aaron shared this honor with a drummer from the Wellsley band.

A great opportunity for everyone to get to see the ORR Jazz Band will be at "The Night of Jazz" which will be held on April 6 in the ORR High School Auditorium. Also featured will be the award-winning ORR Junior High School Band and the ORR Chorus singing some jazz numbers. Tickets are \$5 for adults, \$3 for students and seniors. When James Redfield authored *The Celestine Prophecy*, millions of readers passed it from hand to hand across America, discovering within its pages a life-affirming truth about synchronicity, intuition, and personal destiny. It stayed on the *New York Times* bestsellers list for over three years, was translated into more than 40 languages, and influenced the world with some 14 million copies in print. Now just in time for the spiritual resurgence in America, the film adaptation of the runaway bestseller will be in theaters April 2006. Healing Vibrations is pleased to be presenting this movie as a special pre-release "sneak preview."

"Allowing small venues to host special 'sneak previews' is a key part of our mission to get the word out about this movie and its message," said author/filmmaker James Redfield. "Because this was a book that so many people shared with their friends and family, passing it literally around the world, we wanted to create a community-feeling with the 'sneak previews' where people can share the movie experience."

Steve Rogers agrees. "I am thrilled to have a tiny part in the presentation of this movie and the life-affirming truths the book has brought, and now the movie will bring to all of humanity," he said. "I cannot wait for April 7 to arrive, to spend a couple of hours with what will be an amazing group of people."

Using an approach that is part adventure tale, part parable, and imbued with intriguing and exhilarating music, the film tells the story of John Woodson (Matthew Settle), whose life is at a crossroads. He is about to experience a dramatic and profound metamorphosis. Through a mysterious set of coincidences, he finds himself on an adventure to Peru in search of ancient scrolls, known as the Celestine Prophecy. Resistant at first, skeptical and unsure, John finds that with every step he takes, each person he encounters leads him to a new understanding. It is only in this letting go to a higher consciousness that he uncovers life's true purpose and his own destiny.

"On one level, it's an adventure tale where you really enjoy the treasure hunt for the last of the scrolls. On another level, it's a story of discovering a new level of spiritual awareness, a new way of engaging in life where you notice the way mysterious coincidences and guiding hunches lead us forward in life," Mr. Redfield said.

Directed by Armand Mastroianni from a screenplay by James Redfield, Barnet Bain and Dan Gordon, *The Celestine Prophecy* is produced by Barnet Bain, Terry Collis, James Redfield and Beverly J. Camhe. Shot entirely on location in St. Augustine and Ocala, Florida, and Costa Rica, the film is a production of Celestine Films, LLC and Barnet Bain Films.

leading organization of early childhood professionals. To earn accreditation, a program conducts a self-study to determine how well it meets the standards. After necessary improvements are made, the program is observed by independent, professional validators, and then reviewed by a national panel.

In the 20 years since NAEYC Accreditation was established, it has become a widely recognized sign of high quality in early childhood education programs. More than 10,000 programs — serving over 850,000 young children — are currently accredited by NAEYC. "By earning accreditation, the Tri-Town Early Childhood Program at Old Rochester Regional High School has become a leader in a national effort to raise the quality of early childhood education, and to help give all children a better start," said Mark Ginsberg, PhD, Executive Director of NAEYC.

Stretching is the most overlooked/under-appreciated aspect of nearly all fitness programs. Even many of those who understand the benefits of stretching don't stretch correctly and fail to realize the benefits. **David Smith** has been studying *Active Isolated Stretching* with its developer, **Aaron Mattes**, for the past three years and incorporates this most effective method into his massage sessions. In addition to including stretching in his therapy sessions, David teaches his clients safer more effective ways to stretch themselves.

Mattapoisett Girl Scouts

Brownie Troop 75 in Mattapoisett has already sold 12 boxes of cookies to be donated to the Shepherd's Pantry in Fairhaven. The troop is participating in "Cookies for a Cause," a service project that partners Girl Scout troops with local charities throughout southeastern Massachusetts. During the cookie sale, which is going on now, troops are asking their customers to buy an extra box or two for a non-profit human services agency in their community.

The goal for 10,000 Girl Scouts is to sell 2006 cases of cookies for donation to their community agency partners. That's 24,000 boxes, or half a million cookies. Community service has been central to the mission of Girl Scouts since the organization was founded in 1912.

"Girl Scouts often make contributions of food items to shelters, as troop projects and during many council programs," said Council President Louise A. Freeman. "This year, we wanted to let the community taste the rewards of the most popular fundraiser in the world. Everybody loves Girl Scout cookies, and this is a perfect way for our supporters to give to Girl Scouts and encourage our girls to keep up the good work on community service. We join our community partners in expressing our gratitude to the girls and to their customers."

You can help the Girl Scouts reach their goal by going to www.gscsm.org to find a sale going on near you. You can also track the girls' progress by checking out the

MOVIE REVIEW

To Catch A Thief

By Rob Gonsalves
<http://robsreviews.cjb.net>

Inside Man. Starring Denzel Washington, Clive Owen, and Jodie Foster. Directed by Spike Lee. Running time: 129 minutes. MPAA rating: R.

Spike Lee, who just turned 49 (can you believe he's pushing *fifty*?) and is marking his twentieth year of feature filmmaking (I can't believe that either), has lost none of his energy or his voice. You can say some of his films are duds — I certainly would — but you can't say he's repeated himself, rested on his laurels, or taken money for a project he didn't believe in. *Inside Man*, Lee's sixteenth narrative "joint" (not counting numerous concert films and documentaries), shows what this hot-blooded, sometimes hot-headed director can do when he decides to settle down and tell a story. A story that's probably too convoluted and dependent on plot holes, but still a restlessly engaging tall tale, a crackling cops-and-robbers drama that outmuscles anything else out there. (Which isn't hard.)

Carrying a little extra weight, Denzel Washington's hostage negotiator Keith Frazier ambles through the movie with the lightness of a serious actor happy to come to work on a smart piece of entertainment. Frazier's nemesis is Dalton Russell (Clive Owen), the coldly shrewd mastermind of a bank robbery. Russell and his three associates have taken a lot of people hostage, but they don't seem in any hurry to do what most bank robbers do, which is to, y'know, steal *money*. Their target lies inside a safety deposit box, which the bank's owner Arthur Case (Christopher Plummer) does not want to be opened. Case calls on a higher authority — a sort of executive facilitator named Madeline White (Jodie Foster) — to intervene between the cops and the robbers.

Inside Man doesn't make a lot of logical sense when all is said and done. It seems like a lot of sound and fury signifying an anticlimax. Yet I doubt Spike Lee took this job just because he wanted a mainstream hit (as it happens, the movie's opening-weekend take was a career best for both him and Washington). Lee loves New York, and loves its jostling disharmony, its short-tempered melting pot. Here, he gets to throw lowlives in with the elite, leading to a sharp dialogue bout between patrician Madeline and unshaven Russell, or amusingly unlikely sparring between working-man Frazier and gray eminence Case. I think Lee

made the movie just to shoot the dialogue (by Russell Gewirtz), and maybe secondarily to run a heist flick through the blender of his style.

What I'll remember from *Inside Man* are the odd exchanges, like the one between Frazier and a white cop who consciously has to check his reflexively racist speech; Frazier chooses to let it slide, to let the cop be what he is, as long as the conversation leads to some insight. Or the way Russell sits down with a little black kid over pizza and registers surprise at the violent *Grand Theft Auto*-like game on the boy's PSP. (I enjoy *GTA* myself, but Lee has a point to make about gangsta culture playing itself out in games, and he makes it well and hilariously.) Or the way Jodie Foster — for once not playing a role model — enjoys being smug and powerful; I've always known she had a terrific villain in her, and this role is about halfway there. The movie is full of entertaining digressions, like the way hard-bitten SWAT cop Willem Dafoe and another cop get in each other's face over a cryptic trick question Russell asks Frazier. Or the difference between delivering pizza and sandwiches to the hostages, and what it means when Russell ends a phone call by snapping "Next time send *sandwiches*." Most of the movie *is*, in fact, an entertaining digression.

I can't say *Inside Man* is up there with *Dog Day Afternoon* (one of several predecessors it references), but it has the same interest in the *people* in the situation, rather than just in the situation. Critics like Roger Ebert have poked holes in the script's logic, as if every movie needed to be a hermetic vault safe from nitpickers. Logic isn't Spike Lee's strong point. He nails the irritable yet *alive* soul of New York — particularly, now, New York post-9/11 — better than anyone else. Sometimes he doesn't have the right story or characters to animate his ongoing ode to the city. Sometimes he does. And sometimes he just wants to enjoy himself, as he clearly does here. *Inside Man* is probably the most basically *fun* movie Lee has ever made.

get colder, diseases will spread, and we will notice big changes in flora and fauna. These are some of the effects we may experience with global warming on the shores of Buzzards Bay. Other implications of our melting poles are sea-level rise, and increased threat of hurricanes. How much of a rise in sea-level would eliminate valuable shore-front property here in Marion?

Should we be exploring alternate sources of energy like Cape Wind, solar power, etc. to offset these impacts? And where are our political leaders in this time of crisis?

After a brief business meeting, John Bullard will speak briefly on global warming expanding on his op-ed page article that appeared in *The Boston Globe* on March 6. There will be ample time for discussion of the points raised.

Discussion will continue over light refreshments. The event is free to the public and welcome to all.

SALOME'S STARS

ARIES (March 21 to April 19) With change dominant this week, don't be surprised to find new facts emerging that could put another slant on a situation and offer you another choice. Think it through before you decide.

TAURUS (April 20 to May 20) There could be some lingering problems from a previous matter that involved a decision you felt you had to make. Resolve the situation with your strong Taurean no-nonsense approach.

GEMINI (May 21 to June 20) The Gemini's carefully made plans could be undone by someone's unexpected decision. Getting the full story behind that surprise move can help you decide how to deal with the matter.

CANCER (June 21 to July 22) Recently uncovered information might put a new light on a situation you thought had been resolved. Keep an open mind about possible changes that you might have to consider.

LEO (July 23 to August 22) With a potential revision of an old agreement, you can't beat the Big Cat for knowing how to sharpen a "clause" to the best advantage. Someone close could have the news you've been waiting for.

VIRGO (August 23 to September 22) Certain issues in the workplace could put you in the middle of a dispute you'd rather not deal with. Express your honest feelings before the pressure to take sides builds up.

LIBRA (September 23 to October 22) You might feel uneasy disagreeing with someone you've been close to. But your relationship should be able to withstand and even thrive when confronted with your true feelings.

SCORPIO (October 23 to November 21) A romantic situation seems to be creating more confusion than you can handle. If so, own up to your feelings. The sooner you do, the better your chances are for working things out.

SAGITTARIUS (November 22 to December 21) With change directing the Archer's aim, consider a second look at your plans and see where they might benefit from a revision. A workplace matter is close to a resolution.

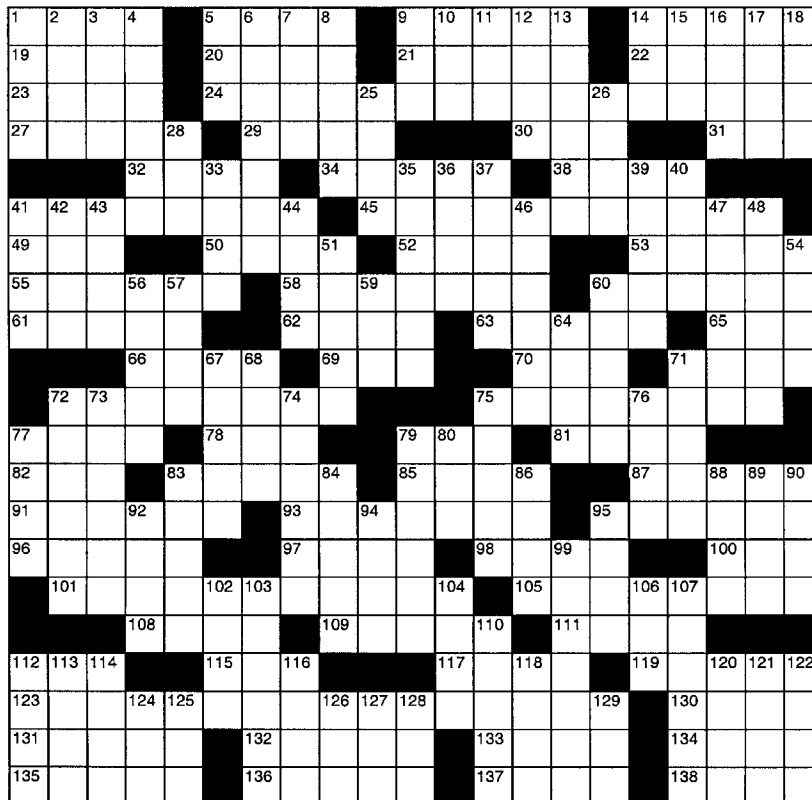

CAPRICORN (December 22 to January 19) New contacts help you learn some important information about upcoming developments. The week calls for the Sea Goat to be more flexible than usual in a number of matters.

AQUARIUS (January 20 to February 18) With both change and uncertainty in your aspect, you might feel less confident in a previous decision. That's OK. Check it out and see where it could be modified, if necessary.

PISCES (February 19 to March 20) Old relationships that seemed to be sinking are buoyant again, and new relationships are benefiting from Cupid's loving care. This could be a good time to make a major move.

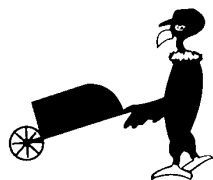

BORN THIS WEEK: You prefer making your own path, but you'll go out of your way to help someone in need.

For 15 years Roger hosted the WGBH show *The Victory Garden* and, more recently, is co-hosting *People, Places and Plants* on the Home and Garden Network (HGTV) on Saturday mornings at 10:30 am.

Biologist, gardener, writer and storyteller, Roger Swain was born and raised outside Boston. He graduated from Harvard College and went on to earn a PhD with the study of ants in tropical rain forests. Since then he has been the Science Editor for *Horticulture Magazine*, written five books, numerous essays and articles. When he is not editing, filming or meeting with gardeners across the country, Roger can be found at home in his orchards and gardens of his New Hampshire farm.

The lecture will begin at 7:00 pm at the Marion Music Hall, Front Street in Marion. Admission is \$5 at the door or advance tickets are available at Isabelle's, the Marion General Store, or from a Marion Garden Discussion Group member. Seating is limited.

Coffee and desserts will be served. A "Spring Boutique" will offer beautiful spring arrangements and plantings for purchase. For more information, please contact Kathryn Collings at 508-748-3272.
